PAINE'S CELERY COMPOUND

"Early last spring I found that I was tired and lan-

down generally. I was advised to take Paine's Celery

vigor and made a new man of me. I recommend it to all

persons who have tired and languid feelings, to all athletes,

Upon the filing of a peti-at least fifty qualified tax-county or city situated as oners before any or affirmation, talister an onth or affirmation, unty commissioners court, when we ment is contemplated by the faith the city council or board n, when such improvement is ed by a city, such commission-or city council shall order an determine the question as to r or not such tax shall be 'evied, wall publish a notice of the time, and manner of holding such election. manner of which the same is all for thirty days consecutively, ceding the day upon which said is to be held, in some newspaper in the county, and if there be conductor on each train; also one cabouse, which was replaced by a revenue paying loaded car. He read statistics compiled from October 12, 1889, to February 1, 1990, and for the corresponding period a year before, which stated that there were only thirty-one accidents caused by running double-headers, nearly all of which were caused under conditions which could have easily occurred with single-header trains. The report showed more accidents under the old system than under the double-header system. He filed with the committee detailed statistical statements giving y newspaper published in said then by posting up notices of such in three public places in the coun-of which shall be at the door canty court of said county, which shall remain so posted for consecutively next preceding which said election is to be taxpayers of such county or header system. He filed with the committee detailed statistical statements giving
the accidents occurring under the doubleheader system and for the same period a
year ago. He also filed a statement by the
chief surgeon siving the number of cases
treated each year ance 1895. He took up
the insurance feature, saying that the
cheaper rate in the East was in favor of
double-headers. The grievance committee
had admirted to him that the chief object
tion to double-heading was because it
three men out of employment. Doubleheading was no innovation, as it had been
in operation since 1866. The operation of only taxpayers of such county or sail be qualified to vote in said isn. If upon the examination of the resit shall appear, when the proposed content is to be undertaken by the one, that two-thirds of the taxpayers a confly have voted in favor of such or when the proposed improvement e undertaken by a city, that two-of the taxpayers of such city have in favor of such tax, the county ers court or the city council e may be, shall be authorized with the details for the acheading was no innovation, as it had been in operation since 1855. The operation of double-headers, by reducing the number of trains, reduced the risk. The roads operated the system purely as a matter of economy and they should not have obstacles thrown in their way. It was simply a labor saving device, and, like all other labor saving devices met with opposition. He admitted that the general officers sympathized with the men, but at the same time they had not taken up the matter with the managers of the roads. The strain was the same whether a train was pulled by one or by two engines. The Santa Fe now had had 25 per cent of its mement of such work; provided, that be incurred by any county of provision is made, at the time ort and sity council, as afore-ereby authorized upon the condi-the limitations aforesaid, to levy collect the tax aforesaid, to fevy collect the taxes as collected shall be desired with the treasurer of the county dy as special fund to discharge the address thus created to be paid out as the order of the commissioners ensipment supplied with nut-matic coup-lers and air brakes. He then submitted a paper giving an account of the over time since the double-header system had been

maid, further, that when an elec-in ben ordered or held for the pur-pos above indicated and the vote of imparers shall be against such tax; she and further election shall be held the date upon which the preceding

P. O. Thurp, Texas, February 12 .- A lib-

eral reward will be given for any in-formation leading to recovery of following.

Colonel L. J. Polk, general manager of the Santa Fe, opened the argument on the side of the railroad companies. He took up the trainmen's paper, "Economy Versus Life." He said the policy of the Atchison system under Mr. Barr was to reduce operating expenses by running heavier trains. The Guif, Colorado and Santa Fe inaugurated the double-headers as a matter of economy. A double-headers as a matter of economy. A double-headerd train saved 7 cents per train mile, as it dispensed with two brakemen and one conductor on each train; also one cabouse, which was replaced by a revenue paying

Galveston, Texas, February 12 .- At meeting of the city council last night an ordinance was read for the first time to grant a franchise to Bosari & Kramer to erect and maintain a telephone system in the city, and to have overhead and underground wires. It provides the grantees shall give bond in the sum of \$2000 guar-snteeling restoration of sidewalks and pavements taken up; that they small lay not less than 10,000 feet of conduit within eighteen months from passage of the ordi-nance and not less than 2000 yearly there-atter; that conduit about the later. after; that conduit shail be laid in streets which it is intended to be paved within three months from notice by the city. As consideration for the rights provided to be granted, it is provided that the city shall have the right to place and maintain its fire alarm with the city shall have the right to place and maintain its fire glarm wires on the top cross arms of the telephone poles to be erocied by grantees; that their property shall be asseased for laxation at not less than \$50,-960; that the city is to have free tele-phone service; that the annual revenue to be charged for telephone service shall be \$26 for business houses and \$24 for residences, for individual and private me-tallic lines.

The matter was referred to the ordinance committee

WAIVED EXAMINATION.

Abe Kauffman, arrested several days since upon a warrant sworn out by Man-Santa Fe now had had 95 per cent of its ager Pollock of the Southwestern Paper company, whose place of business is at the intersection of Mechanic street and Rosenberg avenue, charging him with on beariement, was before Justice Barry this
morning for preliminary hearing.
When the case was called County Attorney May on the part of the State said
that Attorney Malevinsky, representing defendant, was not present.
Justice Barry entied that he had seen

men had sought to boycott the Santa Fa because it was running double-headers. The accidents referred to by Mr. Adems bad occurred on the southern division, which was not in as good condition as Justice Barry stated that he had seen Mr. Malevinsky a few minutes previously and that he had stated be desired to waive examination on the part of his client. Turning to Kaufiman, who was seated near the judge's desk, he inquired If such was not the case, and was an-

swered in the affirmative.

The court then said: "I will hold the defendant under \$5000 bail for his appearance at the next term of the criminal dis-

running double-headers had increased earnings. He submitted Mr. Kruttschn it satisfies on double-headers and other decuments. He argued that the trainmen were not pleading for the lives of their members, but because the railroads would restrict court. All the witnesses may go. The prisoner was then remanded to the custody of Deputy Constable Seiffert. Judge A. C. Allen will be down from Houston and conduct a habons corpus there was no additional risk in the operation of double-headers. The risk taken was reduced. The insurance people thought there was no additional risk in the operation of double-headers. The risk taken was not the vocation of the party insured and classified accordingly.

W. R. Scott Irainmaster of the northern division of the Santa Fe, followed with a technical and practical explanation of the working of the system, showing its economic phases. He said danger was reduced and he offered by an ocular demonstration to show the committee how a double-header could be operated and controlled. He told the committee how a double-header could be operated and controlled. He told the committee how a double-header could be operated and controlled. He told the committee it was his honest conviction that the legislation asked for was sought simply to prevent a reduction of train crews.

Judge J. W. Terry, general attorney for

levy was taken an and after much discussion it was decided to increase the levy on court house and jail bonds by 2 per cent for the purpose of providing for a sinking fund. tion of train crews.

MESSAGE FROM THE GOVERNOR. Submits Certain Amendments to the

Charter of Ballus.
Austin, Texas, February 13.—The following message from the governor was received today:

ceived today:

To the Legislature.

I have to submit for your consideration an amendment to the charter of the city of Dallas to read as follows:

Amend section 12 of said chapter so that the same shall hereafter read as follows:

Section 12 Said election shall be ordered by the mayor or the city council. For the purpose of holding such election and others ordered, the city council shall have power to divide any ward of the city into any number of voting precincts or blocks, not to exceed one nuch voting place for each 500 qualified voters according to the returns of the last general city election, and shall have power to appeint some suitable person to act as president of said voting precincts. The boundaries

precincts shall be created and established | ceeding to the property of the old Stewart precincts shall be created and established blennially preceding each general city election; provided, that no person shall vote outside of the voting precinct or block in which he resides at the time the election is held; and provided, that at the first general election held under this act, the number of voting precincts in each ward shall not exceed three, the division into voting precincts to be as nearly as practicable on a basis of equality of voting strength of the several voting precincts. academy, consisting of spacious grounds and building and a fine library. This will be the only theological seminary of the Presbyterian church west of the Mississippi and will consequently soon become alsaint and will consequently soon become a very important institution. The selection of Rev. Johnson for this position gives great pride to his friends and parishioners here, but he is not disposed to leave this field, having repeatedly refused calls to more increative pantorates, and his parbitioners are very loath to give him up. He is now in Galvesion consulting with the board of trustees. Also amendments to articles 5127, 5128 and 5166 of the Revised Statutes of 1895, regarding the publication of blank tax rolls and receipts for the assessment, renthe board of trustees,
